

1914 THE UNIVERSITY OF ALBERTA

REPORT
OF THE
PROVINCIAL SECRETARY
AND REGISTRAR
OF THE
PROVINCE OF ALBERTA
FOR THE TWELVE MONTHS ENDING DECEMBER 31
1913

PRINTED BY ORDER OF THE LEGISLATIVE ASSEMBLY OF ALBERTA

EDMONTON :
J. W. JEFFERY, GOVERNMENT PRINTER
1914

To His Honour

GEORGE HEDLEY VICARS BULYEA,

Lieutenant Governor of the Province of Alberta.

MAY IT PLEASE YOUR HONOUR:

The undersigned begs respectfully to present to Your Honour the report prepared with respect to the chief transactions of the Department of the Provincial Secretary and Registrar of Alberta during the twelve months ending 31st day of December, 1913, which includes the following reports:

Report of the Deputy Provincial Secretary and Registrar of Companies;
Report of The Medical Superintendent, The Hospital for the Insane, Ponoka, and
Report of The Warden, The Provincial Gaol, Lethbridge.

Respectfully submitted,

A. J. MCLEAN,

*Provincial Secretary and Registrar
of the Province of Alberta.*

Provincial Secretary's Office,
Edmonton, February 2nd, 1914.

13180

EDMONTON, January 31st, 1914.

To the Honourable,

ARCHIBALD J. McLEAN, M.P.P.,

*Provincial Secretary and Registrar of the Province of Alberta,
Edmonton, Alberta.*

DEAR SIR,—I have the honour to submit to you a statement of the work of The Department of the Provincial Secretary for the fiscal year ended December 31st, 1913.

INCORPORATION OF COMPANIES

The number of Certificates of Incorporation issued under The Companies Ordinance during the fiscal year 1913 was 583. The total capitalization of new Companies was \$69,041,715.00 and the capitalization of existing Companies was increased by \$10,829,350.00; the whole amounting to \$79,871,065.00.

REGISTRATION OF FOREIGN COMPANIES.

The number of Certificates of Registration issued to Extra-Provincial and Foreign Companies under The Foreign Companies Ordinance, during the year 1913, was 201 as compared with 168 in the last previous year. The total capitalization of new Companies was \$232,767,702.64, as compared with \$142,492,400.00 in 1912.

THE HOSPITAL FOR THE INSANE,

Ponoka, Alberta. January 30th, 1914.

THE HON. A. J. MCLEAN,
Provincial Secretary,
Edmonton, Alberta.

Sir,—I have the honor to submit to you the annual report for 1913, of the Hospital for the Insane, Ponoka, along with the usual statistical tables.

On the first day of January, 1913, there were in residence 152 males and 71 females, a total of 223. At the close of the year there were 201 males and 86 females, a total of 287 patients resident in the Hospital. This gives an increase of 49 males and 15 females, a total of 64 for the year.

The admissions were 111 males and 50 females, a total of 161. The number of patients discharged was 81, as follows:—

	MALES	FEMALES	TOTAL
Recovered.. .. .	42	23	65
Improved	5	6	11
Not improved.....	4	1	5
Total.	51	30	81

The above discharges include 9 deportations, 6 males and 3 females:—

	MALES	FEMALES	TOTAL
Austria.....	2	..	2
England.....	2	2	4
Ireland.....	..	1	1
United States.....	2	..	2
Total.....	6	3	9

During the year, 30 patients, 16 males and 14 females, were sent out on probation. The duration of this period is for six months, during which time they can be re-admitted on the same warrant.

The deaths numbered 13, viz: 8 males and 5 females.

The recovery-rate, based on the total admissions, is in the case of the males 37·84 per cent, and in that of the females 46·00 per cent. In the case of the combined sexes, therefore, the recovery-rate is 40·37 per cent.

The death rate, estimated on the average number resident, is for the

males 4·52 per cent, and for the females 6·25 per cent, or for both sexes 5·06 per cent. Based on the total number under treatment, these rates are respectively 3·04 per cent, 4·13 per cent and 3·38 per cent.

This is a very low death rate, indeed the general health of the patients and staff has been exceedingly good.

There has been no case of infectious disease or asylum dysentery throughout the year.

It is gratifying to know that the patients are not detained so long at the harracks as heretofore, before being sent to the Hospital.

The continuous warm baths are in constant use for the treatment of excited cases. The patients soon learn to appreciate the beneficial effect of these baths, and the nurses recognize that the trouble of giving them is more than compensated for by the prevailing quietness in the wards. We have been much inconvenienced in getting a sufficient supply of hot water for this and other purposes. This failing supply is due to the gradual deposit on the copper tubes in the heaters of lime and magnesium salts from the water, which contains an excessive amount of salts in solution.

The Public Works propose to install a larger heater, which can be more easily inspected and the deposit from the pipes removed.

Last summer, the Public Works painted four of the wards. Our carpenter with the aid of patients has painted three of the staircases leading from the basement to the third floor. The result has been very satisfactory, besides giving employment to the patients.

The whole of the building requires painting, and there is no reason why we could not do it ourselves in future, providing the Public Works gave their sanction and supplied the materials.

It adds greatly to the contentment of patients to live in clean and bright wards. We would also suggest that the effect would be more homelike and pleasing to the eye, if a few pictures were hung on the bare walls.

A small orchestra, made up from the staff, provides the patients with some excellent music at their evening meal.

A billiard table has been promised us, and some of the better patients are looking forward to a game. In spite of the isolation and lack of amusements here, there have been comparatively few changes in the staff during the year; we think a billiard table would not only be a source of recreation for them but some recognition of their services.

The Ford motor car, which was given to us in December, has been found very serviceable. We are at present building a garage for it.

The Griswold knitting machine, purchased in September, has proved a success in reducing the expenditure on the socks and stockings and provides a more comfortable article to wear.

All the men's shirts, women's dresses, nurse's uniforms and aprons, sheets, pillows and towels are made in the female wards.

The cobbler, a patient, continues to do good work in repairing the harness and the patients boots and shoes.

The laundry runs smoothly, and turns out about 2,750 articles per week.

THE FARM

We have had a very successful year on the farm. The crops were good and all were secured in first-class condition. The yield per acre was much higher than last year. The following table shows the results:—

CROP	NO. OF ACRES	TOTAL YIELD	YIELD PER ACRE
Oats.....	24	1,400 bu.	58½ bu.
Barley.....	16	800 bu.	50 bu.
Wheat.....	10	400 bu.	40 bu.
Turnips.....	9	5,400 bu.	600 bu.
Potatoes.....	12	2,520 bu.	210 bu.
Carrots.....	2	300 bu.	150 bu.
Green Feed.....	75	150 tons	2 tons
Hay.....	25	50 tons	2 tons

With one team of oxen, twenty acres were cleared of brush and ploughed ready for cropping next season. This year, with two teams of oxen, we hope to clear fifty acres.

On the south side of the farm several acres of slough land have been drained by an open ditch.

Three hundred rods of fencing have been put up to enclose last year's breaking and a calf pasture adjoining; also 70 rods for an enclosure for pigs.

Last year, the garden proved that excellent vegetables of all kinds can be grown with very little trouble and expense in this part of Alberta. Cabbages weighed from 15 to 20 lbs., carrots from ½ to 1 lb., turnips from 5 to 8 lbs.

An extension was made the root-house, measuring 32 x 28 feet, but it is still inadequate for our wants and another will have to be built this year. An additional pig-pen, 32 x 36 feet, has been built.

A small smoking chamber has been fixed, and we are curing our own hams and bacon.

We have started butter making; about 40 cows are at present milking, and besides supplying the hospital with 23 gallons of milk daily about 85 lbs. of butter weekly are made. It would take about 50 cows to supply us with all the milk and butter we require.

If we had a new horse stable, the present one could be stalled for the extra cows.

Live Stock on the Farm at the end of 1913 :—

Horses—10 draught, 2 colts, 2-year.
 Oxen—2 yoke.
 Cattle—48 cows, 15 heifers, 8 steers, 35 calves, 1 bull.
 Pigs—51 stockers, 8 brood sows.
 Poultry—200 hens, 3 geese.

Three more teams of horses have been purchased for the purpose of hauling all the coal required by the power house, and the gravel for the new buildings to be constructed this year.

The Public Works have constructed the following :—A bake-house with brick oven which gives good satisfaction.

A new building for the purification of sewage ; the tanks have about twice the capacity of the original plant.

This year the following buildings are in contemplation by the Public Works Department :—

A new female block.
 A mortuary and pathological room.
 Cottages for the employees.

It is to be hoped that the new female block will be finished without delay, as we expect all the available accommodation for women will be in use in about a year's time. As regards the male patients, the present accommodation should be sufficient for about 1½ years.

EXPENDITURE AND AVERAGE COST PER PATIENT FOR THE YEAR 1913.

Average Number of Patients per day for the year, 254·5

DISTRIBUTION	AMOUNT	PER PATIENT
Salaries.....	\$ 19,206 61	75 69

Total Net Cost per patients per month.....		12 60·4
Total Net Cost per patient per day.....		.41·44c.

Last year the total net cost per patient per month was \$15.76. This is a reduction of \$3.16 per patient per month.

In concluding, we desire to express our indebtedness to the various departments for their support and assistance.

I have the honor to be, Sir,

Your obedient servant,

THOMAS DAWSON,

Medical Superintendent.

				12	Syphilis of brain

THE PROVINCIAL GAOL,

Lethbridge, January 3rd, 1914.

To the Honourable,

THE PROVINCIAL SECRETARY,
Edmonton, Alberta.

DEAR SIR,—I have the honour herewith to submit my Third Annual Report of the Provincial Gaol, for the year ending December 31st, 1913.

Our average prison population for the twelve months has been 147.9.

The health of the inmates has been good and we have been able to work nearly all the men outdoors, when the weather was favorable, so we have accomplished a good deal during the year.

We completed laying the pipe-line from the gaol to the exhibition grounds, a distance of nearly two miles, thus connecting us up with the city waterworks system, which will be a great advantage when anything goes wrong with our private system.

We finished a road through the lake, along the west side of our farm and thus opened up the public highway around it and closed all public traffic through our premises.

We graded about a mile of road to the railway siding which we use so much and this is a splendid improvement. We fenced our whole farm with pig-proof fencing. We made a start at setting out trees for beautifying our grounds and as much needed wind breaks. We planted 4,000 trees this spring and will endeavour to set out as many more next spring.

Our teams have been kept busy hauling (1) dirt for raising the road through the lake, (2) gravel for the manufacture of cement blocks and (3) manure from the city for fertilizing purposes.

We had men out all the year at camps assisting in the construction of a steel bridge across the Belly river at Nolan's Crossing and at grading the public highways in this district.

In spite of the financial stringency during the year the government has treated us generously with much-needed buildings and I am happy to report the following new buildings erected during the year:

(1) Boarding-house, (2) Pig pens, (3) Cattle shed, (4) Granary.

These were all urgently needed and are duly appreciated. We still require a few more permanent buildings and we trust during the coming season we may have built the following:—

1. Slaughter House—We are killing our own pork and beef, and need a suitable building for this purpose.

2. Poultry House—There is no reason why we should not raise our own eggs to supply the institution and it would be a good investment to provide us with poultry and a proper poultry house.

3. Workshop—We need a suitable building for a combined carpenter, paint and blacksmith shop. We could then remove all those small shacks now doing duty for these purposes and thereby eliminate a grave danger of fire.

Just here let me point out the necessity of extending the hydrants farther south, so as to give us better fire protection to our boarding house, stables and other outbuildings. This should be attended to without delay.

Enclosed you will find certain statistics that will repay careful perusal. You will note with pleasure no doubt, that the returns from our farm have been very gratifying. We are prepared to handle a much larger acreage with profit and would urge upon the department to secure for us more land as soon as possible. I would also point out the desirability of securing water for irrigation purposes for our present farm. It would guarantee us a good crop of vegetables every year and also permit us to fill our lake when we need it and not compel us to wait on the pleasure of our neighbors, when they take a notion to irrigate their lands and give us the overflow.

The discipline of the institution has been very creditable during the year, in spite of the tremendous handicap of being overcrowded nearly all the year, necessitating placing two prisoners in a cell. This is too bad. We have been able to get along, but only by getting frequent transfers to other institutions.

On the whole the year has been a strenuous but pleasant one and I am indebted to the loyalty and faithfulness of the entire staff at the institution, as well as to the courteous and generous treatment accorded us by your department.

It was my great privilege to attend the American Prison Congress held this year at Indianapolis, where besides attending the various sessions, I was able to visit the leading prison institutions in the State of Indiana. I also visited the Central Prison, Toronto, during the year.

I desire to thank your department for making this possible for me, as it is a wonderful help to come in touch with up-to-date prison men and methods.

In closing, permit me to thank you for your continued interest in our institution and the valuable assistance your staff has given me during the year and bespeaking a continuance of the same.

I have the honor to be, Sir,

Your obedient servant,

J. H. RIVERS,

Warden.
